Eyecare Advantage Version 12.8

Staying informed about the latest improvements in your Advantage software has never been easier.

Get our bi-weekly Newsletters with updates about Compulink, the software, add-on solutions, and more! Subscribe today!

V12.8 Initial Release Notes Enhancements & Improvements in the first release (12.8.0.12).

V12.8 Service Packs Service Packs are cumulative mid-version enhancements, added AFTER the first release and updated throughout the version lifecycle.

Content Catalog is your resource for changes to Documents, EHR Screens and Smart Functions.

Easy as 1/2/3
1. Use the *Table of Contents* (TOC) to navigate to your areas of interest
2. Click on *Education* in the 'TOC' for the latest offerings in Compulink University
3. See the *Content Catalog* for the enhancement details from V12.2 forward

Activate with Advantage Our interactive Compulink 101 series of videos is great for onboarding new staff and for continuing education. There's always something to learn!

 User-focused Education is delivered right to your Advantage desktop. When this icon is yellow in your SMART toolbar, there is something new to learn!
