

RECOMMENDED PERIPHERALS

BARCODE LABEL PRINTER

[Dymo Label Printers](#) - Dymo LW450 Turbo recommended by Compulink

Arch Crown Datamax E-4205 label Printer (for large batch printing - contact Compulink).

BARCODE SCANNERS

[Symbol LS4208 tethered Scanner](#) (available in PS2 or USB)

[Symbol LS4278 Bluetooth Scanner Kit](#) (Cradle required - up to 3 scanner per cradle with the range of up to 30 feet) USB or PS2

PATIENT'S TWAIN DEVICE INTERFACE (TWAIN CAMERAS)

Microsoft LifeCam Series - VX-3000 (Contact Compulink's sales department at 800-456-4522 for purchasing this product - only the VX-3000 has TWAIN support, please do not purchase VX-2000 or VX-5000).

DIAL-UP MODEM for ELECTRONIC BILLING

[US Robotics 56K V.92 Serial Controller Faxmodem USR5686G](#) (requires a serial null modem cable)

TWAIN SCANNERS

Compulink's TWAINWAN does not support multi-page or Duplex document scanning over Remote Desktop. For multi-page scanning, Compulink Recommends **Remote Scan** (www.remote-scan.com). Other solutions are available to assist with remote scanning such as **TSSCAN** (<http://www.remotedesktopscanning.com> or www.terminalworks.com), **ScanLink** (www.ambir.com).

PLEASE NOTE: These solutions are not supported by Compulink's support department but have been tested with Advantage software. For scanning patient's face as well as documents, Compulink recommends **Remote Scan** (www.remote-scan.com) and **TSSCAN** (www.terminalworks.com) software only. Clients can download a 30-day trial version to test prior to purchase.

[Document and Insurance Card Reader](http://www.ambir.com) (www.ambir.com) This scanner does not support thick credit card type cards. Please use the Insurance Card Scanner for such tasks.

[Insurance Card Scanner](http://www.ambir.com) (www.ambir.com)

[Duplex Document and Insurance Card Scanner](http://www.ambir.com) (www.ambir.com) For double-sided Document scanning Note: Compulink's Insurance card interface does not support double-sided scanning.

[Ambir Multi-Sheet Scanner 820i](http://www.ambir.com) (www.ambir.com) These scanners offer an Automatic Document Feeder but has no flatbed scanning option. 25 ppm/50 ipm (200 dpi, grayscale/B&W mode, A4 Portrait)*

[Ambir Multi-Sheet Scanner 930u](http://www.ambir.com) (www.ambir.com) These scanners offer an Automatic Document

Feeder but have no flatbed scanning option. 40 ppm/80 ipm (300 dpi, Grayscale mode, A4 Portrait); 40 ppm/80 ipm (300 dpi B&W mode, A4 Portrait)*

[Fujitsu Multi-Feed Scanner line](#) Compulink has tested only the Fujitsu fi-5015C Sheet-fed scanner successfully. This scanner provides a flatbed as well as a document feeding option. Fujitsu SnapScan line is not supported.

[Brother MFC-8480DN](#) - All-in-Ones / Multi-Function

* Note: Results may vary depending on scanning application, computer processor, and system memory

POINT OF SALE

[Cash Drawers](#) (M-S Cash Drawers) - Note: Contact Compulink's sales department at (800) 456-4522 for purchasing Cash Drawers, the link provided here is for the manufacturer and viewing purposes only. Serial interface (COM1) ONLY, USB not supported.

Touch Screen LCDs

[Planar Touch Screen Monitors](#) (note: most touch screen monitors are compatible with Compulink Advantage software, however not all can be tested for our client's specific needs.)

MOBILE DEVICES AND SUGGESTED WIRELESS SOLUTION

Compulink Advantage software has been tested and proven compatible with Tablets, Notebooks and Desktops using wireless connectivity while utilizing Terminal Services or Remote Desktop technology **ONLY**. Wireless connections with direct connectivity to the Wireless Local Area Network (WLAN) are not supported. Implementing a wireless connection from the station hosting the databases and another station on the network could cause delay in packet delivery and result in performance issues, database disconnections and data corruption. The use of Windows Terminal Services and similar products, available from proprietary vendors such as [Thinstuff](#), are necessary with low bandwidth environments.

[Lenovo Thinkpad X Series Tablets](#)

[Motion Computing C5v](#)

[Apple iPad](#) - Compulink Advantage software supports the use of Apple devices such as iPad in RDP or Terminal Services mode. The use of proprietary applications such as [Wyse PocketCloud](#) may be necessary to provide certain windows functionalities such as right click in this type of environment.

INTERFACES, IMAGE ADVANTAGE SOLUTION AND OTHER IMAGE SOLUTIONS

Contact Compulink's sales department for interface options at (800) 456-4522.
