<u>Version 11.0.5.4 Changes</u>

This version build consists primarily of back-end efficiency changes that you will not see in the front-end of your Advantage software

There is one enhancement document for all Advantage products.

ALL PRODUCTS
Exam changes:
1. EHR Document Scanning.
    a. You now have the ability to scan multiple pages into the exam record at one time.
    b. When adding a record, right click in the image field and select "Scan."
    c. The "Scanning EHR Related Documents" window opens with the prompt: Enter # of pages (MULTIPLE Pages Now Supported): ____
    d. Enter the # of pages you are scanning and click the OK button or hit Enter on the keyboard.
    e. A Confirmation window opens with the message: Select YES to Save as Black & White requiring LESS Disk Space or NO to save as Color.
    f. Your scanning software will open and you can click on START or SCAN (whichever your software offers).
    g. After the multi-page document is scanned into the record, click SAVE.
    h. To view the document, left click on it, then right click and select "View Full Screen", or double click on the document.
    i. Your default viewing software will open, and you can move from page to page.

PSYCH ADVANTAGE
Exam changes:
1. Child Hx tab.
    a. A new Child History tab was created with areas for tracking Health History.
    b. Grids include Parental Information, Development, and Sleep/Behavior/Discipline/Education.
    c. Both Standard and Tablet tabs were created.
2. Mental Status tab.
    a. Risk Assessment details are now included on the following Open Office documents: ExamMHIntakeNarrative, ExamPsychEvaluationNarrative and the ExamPsychFollowupNarrative.
3. Personal History tab.
    a. This new tab was created for gathering additional personal information on adult patients.
    b. Grids include Behavior/Education/Housing/Vocation, Physical and Legal.
    c. Both Standard and Tablet tabs were created.
4. Phys/Legal tab.
    a. This new tab was created for children, and added to the MHChildInitialEval layout.
    b. It contains grids for adding Physical information and Legal information.
    c. It also contains icons for opening grids to add Nutrition and Pain information.
    d. Both Standard and Tablet tabs were created.
5. Substance tab.
    a. This new tab was created to gather additional information around substance use.
    b. You would also use this tab to document the pertinent negative of "No past history."
    c. It does NOT take the place of the Addictions tab where you document the specific addiction.
    d. Both Standard and Tablet tabs were created.
