
SYSTEM CONFIGURATION FOR COMPULINK UNIVERSITY E-LEARNING PORTAL

[rev 10/27/2023]

To ensure access to the online learning for your Advantage software, please share the following information with your system administrator or IT professional.

Trusted Sites:

Add these URLs as trusted sites/whitelist for web navigation in your Internet Security Options.

- https://*.ziiva.com
- <https://compulink.prosperitylms.com>
- [*://*.compulinkuniversity.com](https://*.compulinkuniversity.com)
- [*://*.compulink-software.com](https://*.compulink-software.com)
- https://*.webex.com

Browser Settings

- Allow Pop-ups and Redirections from this site: <https://compulink.prosperitylms.com>.
- Block Websites from Automatically Playing Sound
 - If this setting is checked in your browser's privacy and security settings, add an exception for this site: <https://lms.compulink-software.com>.
- Active Scripting should be enabled.

E-Mail Settings for University Login Assistance:

- Be sure that ziiva.com is whitelisted on your E-Mail server and in E-Mail spam filters so that the University can assist directly with forgotten usernames & passwords.
- Users requesting login assistance will receive an E-Mail communication from donotreply@ziiva.com.

For assistance with Compulink University, E-Mail eLearning@compulinkadvantage.com.
